Yes there are people in LA but I do not want the insurers to have any doubt as the the medical info provided. I feel that Slavik is key to this as the insurers really do trust him at the moment. If the cost is a problem I have already indicated that I would expect insurers to contribute as would RTIB .

I do not want to miss the window as if we get it wrong then the whole possibility of getting insurance could well be prejudiced. MJ is being badly mauled by the press here on the subject of his health and we have to refute that info which will not be easy . I believe that Slavik is the correct man to do that .

I am happy to try another LA based doctor but we have to both recognise the possible cost of that. If you decide on an LA man then he must be an independant with no past history with MJ . That in itself will not be easy .

Let me know what you want to do and if its not Slavik I will try to source someone in LA .

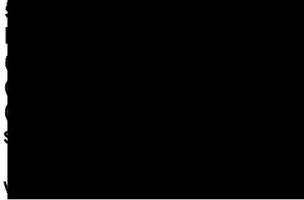

Best Bob<T

Bob....is it really necessary to incur \$10K in expense to get this medical exam completed? I mean, we are in Los Angeles. Clearly there are reputable if not world renowned physicians here that have been used before for these purposes. Please advise. - ST
